DRAKTON

In this exciting new conversion spece game, it seems that a nuclear-powered Intruder Base has invaded the Galaxy, infesting all sectors with Intruders and Redioactive Fallout. Players pilot the **DRAKTON** fighter creft throughout the 50 sectors of their Galaxy fighting these Intruders and searching for the Intruder Base. All Intruders must be destroyed by blesting them with Plasma Torpedoes. Stey alert, for Intruders who contact the Fallout debris are transformed into Atomic Mutants with greatly enhenced destructive powers. Intruders and Atomic Mutants also wield Plasma Torpedoes, so beware. Don't waste time, else the Radioective Fallout will trensform into powerful, deadly Meta-Fallout. The future of the entire Galaxy is at stake in the final confrontation with the Intruder Base. Successful destruction of the heavily-protected Intruder Base warps the Player to the next Galaxy. A total of eight unique Galaxies — each with its own laws of physics — are there for the player to conquer.
